She was asked if Council District 6 would be funding a “party car” noting the need with summer coming. She said it would depend on the budget and that they would need a letter from L.A.P.D. Mission Station requesting funding for a “party car.” She advised that the 9125 Woodman location has a temporary permit and she will keep an eye on it

IV. Public Comments – a stakeholder stated that street vendors are purchasing their supplies at Target using their EBT cards to purchase food to sell – “this is just not right.” Another stakeholder requested more information on how Cannabis businesses are regulated. A concern was expressed that vendors have artificial lighting that reflects glare for drivers making it a safety hazard. Cannabis edibles target children – the wrappings are similar to popular candies and would like to see this discussed as a future agenda item. Cannabis.ca.gov.
